“

Design is more than my profession it's my passion. With over a decade of experience as a UI/UX Designer, Game Designer, and Creative Visual Artist, I specialize in creating intuitive user experiences, engaging game interfaces, impactful brand identities, and high-quality visual content.

MULTIPLE STYLE

- Game UI/UX Design (Mobile & Casual Games)
- Website UI Design (Modern, Responsive Layouts)
- Logo Design & Visual Identity
- Branding & Brand Guidelines
- Social Media Marketing Designs (Posts, Ads, Banners)

EXPERIENCE

Senior UI/UX Designer

Hazel Mobile – Lahore | April 2019 to Present
Working at Hazel Mobile as a Senior CG Artist (2D & 3D Games)
my responsibilities include:

- Implementing UI in Unity
- Creating animations in Unity
- Designing 2D characters, environments, and UI
- Designing game icons
- Producing app store screenshots
- Designing casual and hyper-casual games (puzzle, simulation, fashion)

Web & Game UI/UX Designer

Kavtech Solutions – Lahore | April 2018 to April 2021
Working at Kavtech Solution as a Web Graphic Designer,
my responsibilities include:

- 2D game UI design, character design, and animation
- Icon design and post-production (screenshots and feature graphics for Android and iOS)
- Print media design (letterhead, business card, flyer)
